

## ERRATUM

Erratum to the following article: Quanli Pan, Peng Liu, Min Wan, 6-Gingerol attenuates sepsis-induced acute lung injury by suppressing NLRP3 inflammasome through Nrf2 activation. *Folia Histochem Cytobiol.* 2023; 61(1); DOI: 10.5603/FHC.a2023.0002.

### Authors' note:

“Our purpose in writing is to correct author information — Peng Liu should be marked as co-first author. Our article has been online. When we checked the article recently, we found that Peng Liu was not labeled as the co-first author. We are sorry that we forgot to correct this problem in proof due to our negligence”.

### Article available online:
