

COVER LETTER

Dear Editor,

The paper with the title “**Evaluation of the Effectiveness and Tolerability of Sunitinib and Pazopanib in the First Line Treatment of Metastatic Renal Cancer**” has not been and will not be submitted simultaneously to another journal, in whole or in part. The manuscript also reports previously unpublished work. We have not any conflict of interest. All the authors have agreed to submit the paper to this journal in its present form. We want the paper for a publication possibility in **Oncology in Clinical Practice**.

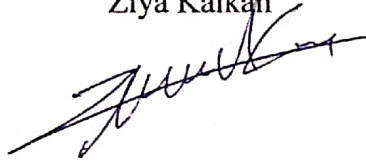

Sincerely yours,

23.04.2021
