

Reports of Practical Oncology and Radiotherapy
is requesting papers on the following topics:

- radiotherapy
- brachytherapy
- medical physics
- radiobiology
- quality assurance in radiotherapy
- medical oncology
- oncology
- multidisciplinary treatment of cancer
- radiotherapy practice
- health policy in radiotherapy
- stereotactic radiosurgery
- IMRT, IGRT, gating, adaptive radiotherapy
- radiotherapy techniques and equipment
- imaging for radiotherapy
- hyperthermia
- clinical trials in radiotherapy
- palliative treatments
- radiation protection
- tumour control probability and normal tissue complications probability
- tumour biology

Call for Papers

Authors must submit their paper via the online submission system (EES) at
<http://ees.elsevier.com/rpor>

Guide for Authors is available at
www.elsevier.com/locate/rpor/authorinstructions

Dear Colleagues,

I would like to encourage you all to submit your papers to Reports of Practical Oncology and Radiotherapy, an international and interdisciplinary bimonthly journal, publishing original contributions in clinical oncology and radiotherapy, as well as in radiotherapy physics, techniques and radiotherapy equipment.

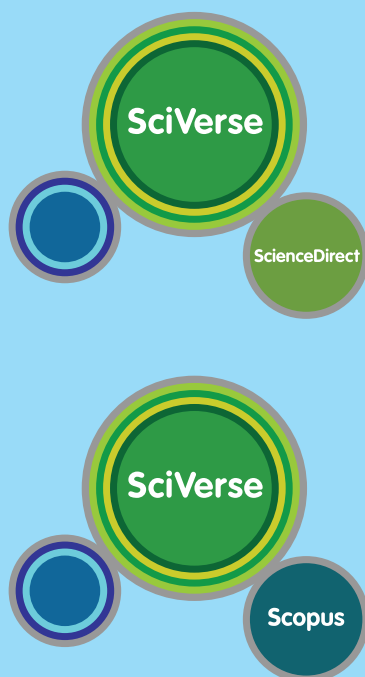

Reports of Practical Oncology and Radiotherapy is a journal of the Polish Society of Radiation Oncology, the Czech Society of Radiation Oncology, the Hungarian Society for Radiation Oncology, the Slovenian Society for Radiotherapy and Oncology, the Polish Study Group of Head and Neck Cancer, the Guild of Bulgarian Radiotherapists and the Greater Poland Cancer Centre, affiliated with the Spanish Society of Radiotherapy and Oncology and the Portuguese Society of Radiotherapy - Oncology.

I am delighted to inform you that from 2008, the journal has been published by Elsevier and the Authors can benefit from a variety of tools and services offered by our internationally renowned publishing partner: Elsevier Editorial System (EES), ScienceDirect, Scopus, Scirus Topic Pages, and many more.

As the Editor-in-chief of the journal, I can assure you that all papers will be subject to normal peer review by an international forum of independent experts in the field, and must comply with the Guide for Authors available at the journal homepage at www.elsevier.com/locate/rpor. We strive to provide our Authors with quick turn-around and publication times.

We are looking forward to welcoming your articles.

*Julian Malicki
Professor, Medical University of Poznań
Director of Greater Poland Cancer Center
